• **Dermatology**
beyond the skin

Are you interested in working at LEO Pharma in the UK?

At LEO Pharma, we are pioneering together.

We help people with skin diseases live fulfilling lives by advancing dermatology beyond the skin.

We drive dermatology with our knowledge, collaboration and curiosity. We are at the forefront of science in developing new medicines for dermatology. Each one of us at LEO Pharma can make a real impact in our everyday work. We encourage each other to explore new ways of doing things. We are empowered to be bold and take initiative to bring our ideas to life – and we have the space to develop, grow and gain a real breadth of experience. We are a company built on mutual respect and a shared sense of purpose, driven by our caring culture and a deep-rooted commitment to helping others. As a purpose-driven company, we put patients first and invest in tomorrow's solutions to change lives for generations to come. This is what makes us different!

For us, pioneering together is about constantly improving and extending what's possible for each other, our company, and our patients.
